Highway Measure Has Top Billing In State Senate

SEN. FRED KRAFT TELLS KIWANIANS 4600 BILLS HAVE BEEN INTRODUCED

"The present session is one of the most hectic in the history of California," Senator Fred Kraft told the Kiwanians at their Tuesday evening meeting. No less than 4600 regular bills have been introduced and enough resolutions and propositions to bring the grand total up to around 6000, he said. He was introduced by Joe Beardsley, program chairman for the evening. The senator spoke mostly on Senate Bill No. 5, the famous highway bill, which he said has received top billing in the newspapers of the state. He spoke in part as follows:

"I want to refer to the January session of the legislature as the session of the 3 H, highways, housing and health, referring particularly to the three most controversial and important of the new bills presented this session.

"I've listened to about everything said in the Transportation committee room, where the highway bill was considered, since my committee room is adjoining.

"I do not agree with Governor Warren that there should be a great rush to build highways in California in order to reduce the traffic deaths and injuries. More time should be taken, in fact we are now planning a 14-year instead of a 10-year program for improvement and building of California highways. Improved highways do not necessarily mean reduced traffic deaths and injuries. Such reduction can best be achieved by enforcement of the traffic laws, by the proper education of drivers and by the elimination of drunk driving."

Predicting the effect of the passage of the highway bill, Kraft stated, it would mean 1½ cents raise in gas tax, setting a drivers license fee of $1, the $3 car license fee raised to $5, Diesel fuel tax to 6½ cents, also increases in the tax paid by commercial and private trucks.

Figuring the gas tax will be raised 1½ cents, that would mean for the average passenger car, about $2 additional tax per year, he estimated.

Mrs. Ona Pitcock, Red Cross Worker, Called by Death

Mrs. Ona E. Pitcock, who for her seven years of residence in Ocean Beach, conducted the Ocean Beach Red Cross center in her home, 4769 Del Monte Ave., passed away about midnight Wednesday. She died at Quintard hospital, where she had been cared for since New Yer's day, having reached the age of 60.

She is generally regarded as having put in more volunteer hours in Red Cross work during World War II than any other woman in Ocean Beach, if not in the entire city. She had been awarded the 8,000-hour Red Cross pin. For several years she had written the Camp and Hospital Red Cross column in the Ocean Beach News.

Funeral services in her honor will be held Monday afternoon at 2 o'clock at Benbough's Mortuary.

Born in Oskaloosa, Iowa, Nov. 25, 1886, she came west as a girl and had lived in San Diego for more than 50 years. She was a granddaughter of Chandler Wm. Ellsworth, one of the founders of San Diego, who came with his wife from Iowa to San Diego in 1778.

Bereft are her two daughters Mrs. Meinard A. Schur of San Diego and Mrs. Merle Hartsook of Oakland and two granddaughters, Virginia Ann Schur and Patricia Louise Hartsook. Mrs. Pitcock had been a widow for many years.

Hopes Dimmed for Early Building of H. S. Gymnasium

C. P. A. REJECTS REQUEST OF CITY SCHOOL BOARD FOR EARLY CONSTRUCTION

Hopes for early construction of a physical education building for Point Loma high school grew dim this week. Word came to Dr. Ralph Dailard, business manager of the San Diego Board of Education, that the Civilian Production Board had turned down a request the board had made for immediate construction of this greatly needed new building for the high school. This was the second time the C. P. A. had said "no" to such request.

In lieu, however, of a new building, the school board authorized improvement of the high school's running track and athletic field.

Preliminary plans had been made for a new building to cost approximately $100,000.

Evidently other school building construction was considered more imperative since approval has been given and a contract let at $82,960 for a six-room addition to Jackson Elementary school. Approval also has been given for a new $200,000 elementary school for the Crown Point section of Pacific Beach.

TO TELL EXPERIENCES IN WAR AT LOCAL SERVICES

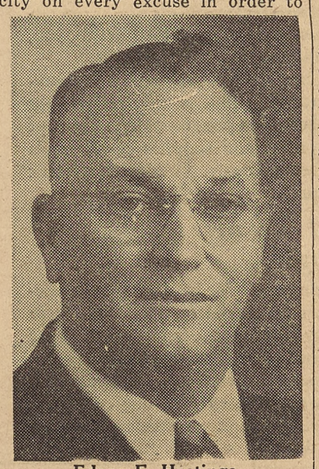
Rev. Vincent Odum, a former Navy chaplain, has been obtained as the guest speaker for the Sunday evening service at Point Loma Methodist church, starting at 7:30, Rev. Paul C. Biesemeyer announced this week. Rev. Odum will speak from the experiences he had in the recent war.

At the forenoon service the pastor announces he will preach on "Using What We Have." Baptism of little children and reception of new members into the church also are on the program.

Hastings Announces His Candidacy for San Diego's Mayor

Edgar Hastings of Point Loma, a former county supervisor, and a former member of the San Diego Board of Education, has entered the race for mayor and will be on the primary ballot March 11. He submits for publication the following political announcement:

In announcing his candidacy for mayor Mr. Hastings presents a few of the policies he will endeavor to put into effect. He says he will not—Hire an ex-reporter as publicity man in order to get his picture in the paper once or twice a week, leave the city on every excuse in order to



Edgar F. Hastings

be mayor, congressman, city manager and council combined; assist in centralizing government in Sacramento and Washington and wave the Red Cros flag for political purposes. He believes in home rule, he says.

He says he will—Work to break the pedicular regulations of the city planning commission so GI's can get more housing at less cost; endeavor to clean up the honky-tonks on Broadway. (The students are right, he says, Broadway should be renovated before taxes are spent to beautify the city elsewhere); remove the housing projects from the political football stage and administrate them for the benefit of the occupants; use every effort to reduce taxes rather than find more ways to raise them.

Finally, he says, he has no political machine or war chest to help him, that he is relying on good sound government policies and his many friends to elect him.

Fred Williams Talks On Fraternalism at Lions Club Meeting

Fred Williams, Ocean Beach business man, addressed the Ocean Beach Lions club last Thursday evening, speaking on fraternalism and what fraternal organizations can do to promote civic improvement. Mr. Williams indicated his enthusiasm for the future of this community and told of the many changes which have taken place during the six years he has been in business here. He also described his experiences in Ogden, Utah, where he served as city commissioner for eight years. Mr. Williams had charge of parks, water works and other civic projects in that city.

Mr. Williams was introduced by L. G. Kampplain, chairman of the program committee. The meeting, held at Glenn's Drive-In, featured a dinner as well as a program. Bill Stone, president of the organization, presided at the meeting.

Point Loma High To Stage Mystery Drama Feb. 27, 28

"Double Door," the outstanding mystery-drama by Elizabeth McFadden, will be the Point Loma high school's drama department production on February 27, 28, at 8 p. m. in the school auditorium. Tickets may be purchased from students or at the box office the evenings of the play, announces Miss Jeweldean Brodie, dramatic instructor.

Family pride like anything else in this life can be pursued to a fetish and from there on to a mania if one is inclined to dwell on such a hobby. Cruelly and relentlessly the villainess of the play rules her family, according to Norma Ghio and Glenn Rogers, student directors. It is a thrilling and breathlessly fascinating play of domination and its evil results, they say.

Those making up the cast are Joanne Jensen, Carol Ihrig, Beverly Crume, Nancy Peterson, Annabelle Ryan, Dale Shoupe, George Riebau, Grant Conard, Don Walker, Harry Shannon, Quentin Decker and Earl Lennon.

"If you want a thriller of a new kind, excellently written and packed with tenseness and interest be sure you see "Double Door" at Point Loma high school, February 27, 28," announce Joanne Clarkin and Mary Perestrello, business managers.

Temporary Mail Clerks Affected by Civil Service Rule

All the temporary postoffice and mail clerks who were put on during the war emergency without civil service examination to meet the manpower shortage will now be required to pass these examinations in order to retain their positions, according to information received here this week by Harold K. Rankin, superintendent of mails at the Ocean Beach postoffice. He reports there are 10 such war service employees on the clerical and mail carrier staff of the local postoffice at the present time.

This will be the first time since before the war that the civil service requirement for holding positions with the postoffice has been put into effect, Mr. Rankin has been advised. The announcement states that the first examinations in the San Diego postoffice will be held shortly after March 6, the final date set for receipt of applications. It reads: "The U. S. Civil Service Commission announces an open competitive examination for probational appointments to the positions of substitute clerk and substitute carrier at the San Diego postoffices. Applicants must actually reside within the delivery of these postoffices or be bona fide patrons thereof. Persons employed in the postoffice will be considered bona fide patrons thereof."

Disabled veterans will have the first preference, Mr. Rankin has been advised, and "widows of veterans or disabled veterans' wives under certain conditions are also given preference."

Rankin announces that he has application blanks at the Ocean Beach postoffice and will be glad to provide any further information desired by those interested.

The Beachcomber

Seen and Heard:

Very little this week—"The Beachcomber" has been in L. A. . . . Reports that the trend toward nudity in bathing costumes may not go all the way after all if local police have their way. The cops nabbed a downtown resident Tuesday for appearing sans attire on the local beach. . . . Glenn Jones reporting a brisk business in gasoline as beach folk prepare for a gas strike. . . . Deputy Sheriff Mason Bowen checking up on Newport Ave. (at least, he waved at "Beachcomber" going past the shop). . . . Dan Moss looking healthy and rested after his vacation. . . . Gilbert Store employees threatening to lock the door forever on "Richard."

Salute of the Week:

To the hard workers re-organizing the Mission Bay Chamber of Commerce for the promotion of the Mission Bay and North Shore area.

C. of C. Will Help In County Contest In Traffic Safety

DIRECTORS DECIDE FOR COMMITTEES TO HAVE INDIVIDUAL MEETINGS

Directors of the Ocean Beach Chamber of Commerce, in February session Tuesday afternoon decided to cooperate with the San Diego County Safety Council in the new 1947 campaign. This effort, in which all the cities of the county are taking part, is one calculated to reduce the motor traffic deaths and injuries. A delegate is to be named to the council.

Suggested improvements in the set-up of the Chamber of Commerce were discussed with a view toward greater activity this year. The directors decided to ask each committee to hold regular meetings. They also decided to hold their regular monthly meetings at 8:30 in the evening of every third Tuesday of the month, the place to be the office of the organization at 4952 Newport Ave.

Announcement of a special committee, on the proposed model plane flying field for Ocean Beach, was made. On this committee the president named J. J. Richardson, chairman, and James Brown and John Burdine members.

Decision also was made to join the so-called "Five Cs," a county-wide grouping of representatives of the various Chambers of Commerce and civic organizations of San Diego county.

Director Arnold Morss made his final report on the 1946 Christmas street decorations project, showing a balance on hand of approximately $300 in the fund. This will be a fair sized nest egg for the 1947 project, and the plan is to begin work on the effort much earlier this year.

DAN AND VEDA MOSS BACK FROM THREE-WEEK TRIP TO MEMPHIS AND ST. LOUIS

Mr. and Mrs. Dan Moss returned Tuesday night from a three-week trip to Memphis, Tenn., ad St. Louis, Mo. When they left Ocean Beach, they drove as far as Los Angeles with Mr. and Mrs. Bill Cords and went to Memphis from Los Angeles by train. After four days in Memphis, where they visited relatives, they accompanied Mr. and Mrs. Lewis Moss and Dr. and Mrs. Frank Moss on a plane to St. Louis. (Mr. and Mrs. Lewis Moss are parents of Dan Moss and Dr. Frank Moss is Dan's brother.)

From St. Louis Dan and Veda went to Keokuk, Iowa, to place an order with a shoe factory and they also spent two days visiting there. En route home they spent a few more days in St. Louis, leaving there on February 12 and arriving in Los Angeles on February 18.

Says Mr. Moss of the trip, "We certainly enjoyed the long rest."

Pointers Turn to Track Athletics; Plan Dual Meets

Now that the basketball season has come to a close with last night's game at Hoover High gym with Sweetwater, Point Loma high school athletes are concentrating on track and field activities. The thinclads have been practicing for the past couple of weeks, reports Coach Don Giddings.

About seven dual meets are being scheduled, the first with Oceanside on March 7. The others are to be with Grossmont, La Jolla, Coronado, Escondido Sweetwater and Kearny.

Prospects for point winners are none too good this season, reports Giddings, there being none of last year's letter winners back in school. He mentioned several of the athletes, however, who are showing considerable promise, including Bob Smith and Jim Groeschel in the distance runs, Ed Wilkinson in the hurdles, Homer Broome, a colored flash, in the sprints and broad jump; Glenn Vanderlind in the 220, and Emmett Herz and Pete Simmons in the shotput.

The Pointers are having trouble to obtain fields on which to hold their dual meets since the local track is being remodeled and lengthened from a 330-yard circuit to one of 440 yards, Giddings reports.

Telephone Company Files Application For Higher Rates

Mark R. Sullivan, president of the Pacific Telephone and Teleraph Co. and its wholly-owned subsidiary ,the Southern California Telephone Co., announced that the first application in 28 years for a statewide general increase in telephone rates has been filed with the Pubic Utilities Commissoin of California. Sharply rising costs and the lowest earnings in 30 years were cited as reasons for the action.

"Our problem is that pre-war prices are not enough to meet post-war costs," said Mr. Sullivan.

"We have made every effort to get along on present rates as long as we could before asking for price relief and now ask for only what is essential to meet current costs and keep the credit of the company sound. Although our revenues from California operations have gone up 105 percent since 1940, our costs have climbed even faster—135 percent. Costs of buildings, equipment and supplies of all kinds have increased tremendously. Our payroll, the largest item of expense, has more than tripled since 1940, due to higher wage rates and more employees?"

The company reported that current earnings on plant investments have dropped to the lowest level for at least 30 years—much lower than even in the worst years of the depression.

Sullivan said, "Rates in most of our exchanges were set in 1919. But rates set as far back as 1919 are not enough for 1947 costs. It is only as a last resort that we are asking for an increase now to balance the tremendous upsurge in telephone expenses. What we are asking for now will produce only the added income needed to meet current costs and is urgently required to give immediate relief in the present critical situation.

"We are faced with the necessity of making large capital expenditures to catch up with plant shortages and to meet the demands of the hundreds of thousands of people who have applied for telephones. To raise the required capital, it is a matter of the utmost importance, in the public interest, that the credit of the company be maintained on a sound basis."

Ocean Beach Fans, Model Railroads, Invited to Clubs

Ocean Beach people who are model railroad fans will be invited to join the clubs now being formed by the San Diego County Model Railroad association as this new organization prepares to take over its new headquarters in Balboa park in San Diego.

A large room in the California State building is being turned over to the newly-formed Model Railroad association for the indulgence of this popular hobby of both young and old. At present one of the subsidiary clubs, for "H. and O. gauge," is already in operation, while another, for "O" gauge, is in process of formation. Club meetings of the former are held in the State building every Friday night at 7:30.

The Model Railroad association is represented by three members from each of the subsidiary clubs. Forest Weyland is president of the association and Dale Pyle, secretary. The association, under the direction of the city of San Diego Recreation department, will plan and schedule all meets, shows and exhibitions.

Why we are asking for increased telephone rates

The responsibility of furnishing telephone service in California carries with it the obligation to see to it that the service shall be adequate and dependable. Now, in order to fulfill our obligation properly, we have found it necessary to apply for increased rates. We would like to tell you why they are needed.

Our pre-war costs have more than doubled.

Good service for the public comes from good employees and good equipment. The cost of both has risen greatly in recent years. Total wage expense, which represents two-thirds of our operating expenses has more than tripled since 1940, due to more employees and higher wages.

Our business in California has grown and revenues have increased 105% in this period, but costs have climbed even faster—135%. Costs of buildings, equipment and supplies of all kinds have gone up tremendously. As a result, present rates are inadequate.

Present local rates were set many years ago.

Charges now being made for local telephone service in California are based on rates that were established many years ago . . . in most cases as far back as 1919. Until 1940, through continuing efficiency in our operations and rapid technological advances, we were able to give our customers steadily-improving telephone service, progressively increase the pay of our employees and pay dividends to the thousands who had invested in our business. We were even able to reduce many rates, particularly on toll calls.

We are not seeking large profits.

In asking our customers to pay more for service we are not seeking large profits. Our policy with respect to earnings and service will continue to be: "To furnish an ever-improving telephone service at a cost as low as is consistent with financial safety."

Current earnings are the lowest in many years.

Current earnings on our plant investment in this state have dropped to the lowest level for at least 30 years—much lower than even in the worst years of the depression. And right now . . .

There is a big job ahead.

To meet unprecedented demands for service and to keep pace with California's amazing growth we are engaged in the largest expansion and improvement program in our history . . . a program which will cost $150,000,000 in this state during 1947 alone . . . a program that will mean steady employment for thousands of California's citizens and . . .

Adequate earnings are essential.

We have waited as long as we could to ask for higher rates, but more money is essential now. Millions of dollars of the savings of thrifty Americans must be invested to finance the necessary increases in plants and equipment. These Americans, being good business men and women, will invest these millions if, and only if, there is reasonable assurance of a fair return. The increase in total revenue we ask is only what is required to maintain a sound credit position, and we feel is moderate and in the public interest. We would fail in our responsibility if we allowed further time to elapse before making it.

National Security Week Announced by Former Local Man

The News this week received an announcement regarding observance of National Safety Week, Feb. 12 to 22, from E. Clay Williams Jr., a first lieutenant in the Army Air Corps reserve. Mr. Williams is a former resident of Ocean Beach in the 4800 block on Del Monte Ave. He grew up in Ocean Beach and graduated from Point Loma high school. He is married and now living at 1724 Front St., San Diego. The announcement reads as follows:

The Reserve Officers Association of the United States has observed National Security Week, Feb. 12 to 22, for many years in order that it might bring to the attention of the citizens of our country the necessity for adequate national security.

It would hardly seem necessary to remind the citizens of the United States of the cost of unpreparedness less than two years after the costliest, most destructive war in history, a war that we were fighting defensively for over two years before we were prepared to take the offensive on a large scale, but too many of us are slipping into that attitude of carelessness that is so detrimental to our peace.

We do not want to prepare for war, but we must be prepared against war to insure ourselves of peace. The cost of peace is small in comparison to the cost of war. The successful prosecution of World War II cost the United States in excess of five hundred billion dollars. Many officers estimate that had the United States spent three billions annually for national security between 1920 and 1940, World War II would never have been fought. That would have been sixty billion dollars compared to five hundred billion dollars. The United States simply forgot to pay her insurance premiums.

The Reserve Officers association hopes that the United Nations organization can assure the world of lasting peace but until effective international security has been affected, we must have adequate national security. The army, the navy, the marines, the reserve training camps for young men must be set at a substantial level and other protective insurance should be built up during times of peace that they may be provisions against times of disaster.

This association wishes that you give us your support in our efforts to see that legislation dealing with national security is provided by congress. In order that we have your support, it is necessary that you write your congressman and express your views on this proposed legislation.

Chairman of the committee to promote the program of national security in San Diego is Lt. Col. S. A. Foushee. Included among those to give talks at service clubs are Col. Samuel Heidner and Col. George Ruhlen.

Mrs. Gertrude Belt at the Mode-O-Day shop reports that her sister-in-law, Mary Belt of 4642 Niagara Ave. went to the Mercy hospital Wednesday, Feb. 12, to undergo an operation.

C. D. Cooper of 5065 Saratoga Ave. recently joined the 43rd Division of Submarine Reserve in San Diego. He served as a pharmacist's mate in the Navy during the war.

Essay Contest On Americanism Under Way in Two Schools

(By Myrtle Orrick)

Mrs. Gordeen Loy, Americanism chairman for the American Legion Auxiliary Unit No. 433 of Ocean Beach, reports that this year's essay contest is well under way this week at Point Loma high school and Dana Junior high school. The Legion Auxiliary is sponsoring the contest in order to "cultivate in young minds and hearts the true meaning of Americanism as it pertains to the good qualities of citizenship in democracy."

Plan is for the contest to run for about a month and for the winner in each school to be entered in the district contest to be held later.

"In each community there is opportunity to see deocracy at work—to participate in it, to take remedial action if forces enter to break it down. Americanism is an everyday thing. We cannot always live in the fever heat of war time enthusiasm and we would not choose to do so; but if we are to live up to our possibilities, if we are to safeguard and transmit to posterity the principles of justice, freedom and democracy; if we are to uphold and defend the Constitution as we have taken the oath of the Legion Auxiliary to do, then we must make Americanism more than a word—we must think it, and breathe it, we must make it living and vital. For Americanism is the soul of America and if the soul be lost all else worthwhile is gone. Honor the flag and all it stands for. Display it on all holidays—be glad you are an American!"

Mrs. Trudie Bell of 4818 Pescadero Ave. started to work part time at the Mode-O-Day shop last Wednesday. Mrs. Bell owned her own shop in El Cerrito heights for 10 years and has lived in Ocean Beach for one year.

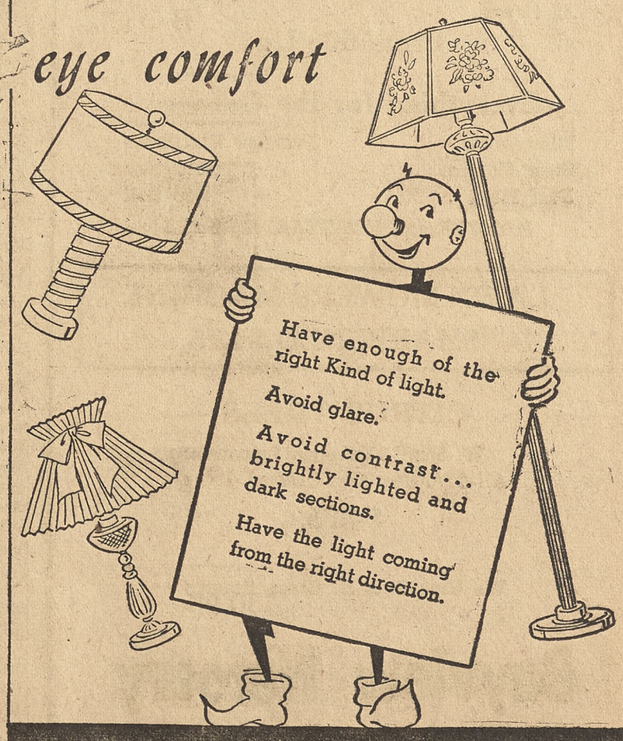
Beauty . . . with eye comfort

Living rooms that guests like to remember are ones like this one that belong to Mr. and Mrs. Peter Cooper of Talmadge Drive. The theme of comfort has been carried out from the easy, cushioned chairs and deep rugs to the soft, indirect lighting that floods the room. It is a thoughtful host and hostess who thinks of eye-comfort and provides light without glare. As for those "home-alone" evenings, reading and sewing are an absolute pleasure under the diffused light of the twin 300-watt indirect reflectors by the divan or the 300-watt indirect floor lamp in the corner.

Rooms that are furnished in good taste are also lighted in good taste. Many new types of floor and table lamps are appearing on the display floors of electrical appliance dealers, furniture and department stores everywhere. A visit to these display floors will pay dividends in new ideas . . and eye comfort!



Have enough of the right Kind of light.
Avoid glare.
Avoid contrast... brightly lighted and dark sections.
Have the light coming from the right direction.

MEET YOUR OCEAN BEACH NEIGHBORS

(Editor's note: The following is the third of a series of brief biographical sketches of the business and professional men and women of Ocean Beach. The purpose of this series is to help our readers to become better acquainted with the men and women who serve them in the business, professional and civic activities of this community. Insofar as possible we will present our biographical subjects in an alphabetical order. However, because all of these men and women may not have photographic cuts of themselves available at present, we will have to start out with those we have on hand. Since we already have cuts of most of the officers of the various civic organizations, we will begin with them. All other business and professional people of Ocean Beach are urged to provide photographs of themselves to the News business office so that we may have cuts made as soon as possible.)

GIRL SCOUTS ACTIVITIES

(By Mrs. George White)

Local Girl Scouts leaders are planning a big Girl Scouts festival to be held in Ocean Beach March 15. Mrs. Marie Hager and her committee members will meet again Saturday (tomorrow) at 1:30 p. m. at 4770 Niagara Ave. to finish planning for this event.

New interesting training courses are being offered by Scout House to interested trainees (adults). Call Main 9156.

The Y. W. C. A. offers an unusual course next Tuesday evening at 7:15 for leaders of Junior and Senior High groups. Six Senior High girls will lead a panel discussion on "What Girls Want in a Leader." Mrs. Margaret Olson will speak on "Psychology of Teen-age Girls" and a "Workshop on Technique of Conducting a Party" will be led by Miss P. Des Granges.

Twenty girls of Frontier Housing are brand new Scouts after an investiture ceremony held Thursday afternoon last week at Barnard school. Miss Virginia Peterson, field secretary for Scout house, was a special guest of honor and speaker. A "Horseshoe and Flag" ceremony was held, at which the girls were given their Scout pins by the leaders, Mrs. Tally and Mrs. Robert Bush. A committee member, Mrs. George Steidley, was invested with the troop. Ice cream was served by Miss Lynch to the mothers and girls attending the investiture. New officers of this troop are: Chairman, Betty Jo Talley; scribe, Clarice Bush, and treasurer, Patricia Hessinger.

Camp Fire fudge was made by Dana's teen-age troop 165 last week Tuesday. A Scout fire was made in the Ocean Beach Log Cabin and the fudge was cooked over it. While the fudge was cooling the girls made Valentine pins for their mothers. Patsy Curtis was declared "champ" of the pin makers. Fudge was eaten, kettles were scraped and washed and a nice clean Log Cabin emerged from the mess that had been made. Oats and mustard were the only wild edible food found by the troop in their nature walk. The girls decided that later on this spring there might be more wild plants growing.

Mrs. Thierry Rogers and Mrs. Victor Pfeifer of Troop 127 used the school holiday last week Wednesday to take their girls for a hike. The girls hiked to Azure Vista and ate their lunches on Sunset Cliffs. Palm Canyon was searched for by the troop, without any luck. Anyone knowing its whereabouts please inform us poor Scout leaders.

OCEAN BEACH SCHOOL NEWS

The Ocean Beach school, together with the entire city system, enjoyed a holiday on February 12, Lincoln's birthday. On Thursday, February 13, Mrs. Daphne Jones' fifth graders presented an assembly honoring Lincoln. Jim Joslin gave a sketch of Lincoln's life. Art Sherwood, Charles Ketteman, Alan Murry, Mike Maconnell, Emily Van Gessel, Robert McGovern and Lowell Smith represented America, England, Sweden, China, Holland, Ireland, and Russia, in a pageant of friendly nations. Dick Chadwick and Carol Tetley were color bearers. Two voice choruses assisted. The first chorus marched in, singing "America, the Beautiful," and recited poetry. The second chorus presented poems about various countries. Group singing of "America" concluded the program.

In Miss Swenson's first grade, the children recently made vegetable soup. They purchased some of the vegetables, brought the rest from home, weighed and prepared them. Mrs. Watson, a mother, assisted. The group visited a local grocery store last week to gather further information about the unit of work. In correlation with the study of the grocery store and with Valentine's day, Miss Swenson's first graders made heart cookies. Mrs. Watson again helped. The children dramatized buying the items needed in their play store on Thursday. They prepared the dough that day and rolled, cut and baked the cookies on Friday, February 14. These were gifts for the mothers and refreshments for the party held in the room.

In all the classrooms, Valentine parties were featured the last of the session on Friday. Each child brought one Valentine for the classmate whose name he had drawn.

Miss Norman's sixth grade gave a puppet show Wednesday February 19, entitled "Snow White and the Seven Dwarfs," for children of the upper grades At the dress rehearsal, the preceding afternoon, children of the kindergarten, first and second graders sat spellbound as the story unfolded. Participants were the following pupils:

Puppeteers — Shirley Horten, Mary Ward, Carol Ann Mayer, Chu-Teh Killian, Richard Lilley, Mary Klein, Marion Green, Sandra Stauffer, Bobby Zwillams, Maryjean Willsey, Ornin Dacken, and Mike Harvath.

O. B. Woman's Club Improves Property; Aids Cancer Drive

Ocean Beach Woman's club is making extensive improvements to its clubhouse property at Muir and Bacon. Mrs. J. J. Horning, chairman of the special yard committee, reported at the February meeting held Feb. 13 that a new sidewalk had been installed on both sides of the property and that the plan is to plant lawn, trees and shrubs this spring.

Plans also are being made to paint and otherwise renovate the clubhouse interior soon, according to the action taken at the February meeting.

Vote $100 to Drive

The sum of $100 was voted to aid in the San Diego cancer drive coming in April.

Also transacted was the selection of a nominating committee for next year's officers. Chosen were Mrs. Frank F. Swan, chairman, and Mmes. C. W. Parks, M. L. Sterne, E. A. Kineman and Margaret Brown. Election will be held at the April meeting.

Featuring the program were selections by the 50-student glee club of Dana Junior high school under the direction of Mrs. Veda Riegel and talks by Fred W. Simpson, a former city councilman, on "Ireland;' and by Mrs. Julia McGarvey on International Affairs.

Russian tea and cookies highlighted the refreshments, served by a committee consisting of Mrs. Melvin Hansen, Mrs. Noel Swetland and Mrs. Margaret Brown.

Hobby Exhibit Planned

Members of the Woman's club have been requested by Mrs. F. L. Swezey, chairman of the Arts and Crafts department, to start collecting articles for exhibiting their hobby or craft work at the March meeting.

Sprungman Films Feature Meeting, Jr. Woman's Club

(By Marian Krettler)

Once home from the day's labors, women have always found difficulty in prying husbands from easy chairs and out to social functions. To judge from the number of men present at Monday's session of the Ocean Beach Junior Woman's club, the junoir clubwomen of Ocean Beach have overcome this handicap nicely.

A short business session conducted by President June Stevens preceded the program, and election of a nominating committee occurred after its close. Older oranizations will well emulate the juniors' manner of conducting snappy but efficient business routine, and terminating it before guests become weary.

Under the chairmanship of Dorothy Sprungman, the large and interested assemblage enjoyed the showing of movies, done in color and synchronized for music and sound. "Black Hills Brochure," and "Hellroarin' Heaven," were the work of Ormal Sprungman. Mr. Sprungman's films were winners in a Minneapolis cine contest and unrolled beautiful sequences of scenery, hunting and fishing.

Dan Billman Jr. explained that his reels had been edited by Mr. Sprungman. "South of Honolulu" was filmed on the Billmans honeymoon in areas far removed from the usual Hawaiian setting. By way of the motion picture, the audience watched the customs and life of people of the Kona coast. With the Billmans, they entered a Buddhist temple to the sound of bells and witnessed a religious ceremony complete with lights, gongs, chanting and a gorgeously vestmented priest. Admission to the worship of the Lord Buddha was gained only after weeks of effort. "South of Honolulu" became winner in a world-wide amateur motion picture contest.

Hostesses for the social hour were Pat Depew, Emmy Lou Blake, Dorothy Oster and Irene Branch. The serving table, adorned with lace cloth and centerpiece of red carnations and white stock was attended by Dorothy Oster and Mrs. Lawrence Krettler. The latter is the proud adviser of the junior group.

EDWARD SHEAS ARRANGE REUNION FOR TWO NEPHEWS AT OCEAN BEACH HOME

Mr. and Mrs. Edward Shea of 4729 Narragansett Ave. arranged a reunion recently at the Shea home here for their two nephews, who hadn't seen each other for several years. The two brothers, Raymond and William Shea, are married. Raymond, who has been in Radar work in the U. S. Navy for four years, lives in Worcester, Mass., and William, who has just returned from China, lives in Bangor, Maine. After leaving their uncle and aunt's home in Ocean Beach on different days, assuming that they wouldn't see each other for some time, the brothers accidentally met in Grand Central Station in New York City. One spied the other in a telephone booth phoning their mother.

WASHINGTON'S BIRTHDAY

The experiment in freedom which came to flower in this continent under George Washington is little more than a century and a half old.

Today the United States stands as the only world power whose underlying governmental philosophy has not succumbed to the isms that have assailed all other major Nations in the last few decades, and altered the basic fabric of their government.

Democracy is an elastic and dynamic thing; if this were not so, it could not have adapted itself to provide progressive and constructive change that the law o life demands. That it has been responsive to the will of the people is a testimonial to its fundamental worth—and a tribute, too, to the wisdom of Washington and the men about him who launched the early States on their united career.

As long as this Nation endures, Washington's name will endure with it. The anniversary of his birth on February 22, 1732, is not only a national holiday, but a day on which the people's of many lands find occasion to dwell upon his immortal struggle in behalf of freedom. That many such people can only reflect privately on Washington's ideals, without having the power to put them into effect, is a source of regret to all freedom-loving Americans. Hitler once said National Socialism was not for export—and did not mean it. America regards Democracy as exportable; people every where are welcome to help themselves to a full measure of it.

IS EVERYBODY HAPPY?

Westerners are the happiest people in the United States, and if you don't believe it, then you're just an old meanie who refuses to accept facts and figures as proof. At least that's the conclusion to be drawn from the latest Gallup poll.

Turning aside from the normal pursuit of statistical insight into such ponderous problems as the national budget, veterans' bonus, merger of the armed forces, and similar subjects, the poll-people have taken a sampling of happiness and found it's best in the West, particularly in California.

This latest bonanza dumped into the lap of the State Chamber of Commerce also contains thought-provoking data proving that mountaineers are happier than plain dwellers, religious folk are happier than irreligious, and married people are happier than unmarried (this last fact was proven by re-check, possibly because the Gallup agent was married and didn't believe his own findings).

The wonderful age in which we live has now provided the answer to everything. If it's happiness you seek, and you live in the East, just move into California. And if you live in California, and don't happen to be happy at the moment, then you must be living a statistical lie, because the figures say you shouldn't feel the way you do.

And oh, yes, before we forget. The happiness poll also says people really aren't happy with more money—they just think it would be nice. You can count us in on that. We think it would be nice, too. Don't you?

COLOSSAL WASTE OF U. S. FUNDS

With President Truman claiming that his $37.5 billion budget estimate is the minimum amount necessary to run the Federal government in the 1947-48 fiscal year—a claim which few persons take seriously—the First National Bank of Boston's current business review bluntly declares, "It needs no survey by experts to discover that there is a colossal waste of Federal funds."

"It is obvious," goes on the bank review, "that many of the major items are far out of line with even the inflated budget of the pre-war period and represent a lavish outlay of public funds . . . Steps should be taken now to deflate the bloated budget and to bring it down within the next three years to around $20 billion."

The review also states that in order to obtain a sane budget the American people will have to show more "interest in Government affairs and stop looking to Washington for the solution of their problems."

"The theory," it continues, "that the Federal Government should be the motivating and directing force of our economic and social activities must be abandoned, for under such a system there is created a Frankenstein that saps the vitality of the country.

"So long as we operate under the illusion that the Government has unlimited source of funds to draw upon, there is no hope of solving our pressing fiscal problems."

Wow! They just about left me out of the ads this week—told me I was just too darn slow getting my ad copy in. But I persuaded them. "What will the public say?" sez I. "Where will they go for such bargains as . . .

Baby Cribs for $6
Lovely New Table Lamps for $10.95 a Pair
New 9x12 Rugs for $15.50

To say nothing of baby wardrobes, chests of drawers, dressers, throw rugs, congoleum, 2-pc. living room sets, tilt-backs and all of the other countless items that people depend on us for supplying." Well, they relented, held the presses and told me to get it in quick. So here's the special for this week . . .

The secret of beer flavor is in the hops used in brewing. In all the world there are no finer hops than those grown on the Acme Hop Ranch, near Yuba City, California. Acme hops, supplemented by other choice types for a *balanced blend*, give Acme Beer a tangy, distinctive flavor that beer drinkers prefer to any other by a two-to-one popularity ratio... in the Western states.
